**Subject:** The September 2016 Unconference is three weeks away and other news

**Date:** Wed, Aug 24, 2016 3:02 pm

IFPUG presents the following news of interest to our members:  
September 2016 Un-Conference;  
August Edition of MetricViews is Now Available Online  
Board Election Ballots are Being Mailed to IFPUG Members

## ***IFPUG September un-Conference!***

Please save the date in your Calendar: Friday, **September 16, 2016** at [The Hyatt Place Hotel, Baltimore/BWI Airport](#). Register [here](#) if you plan to attend. There is no charge for IFPUG members.

PMI members can get 5 PDUs for participating.

This event won't be a typical conference but an [Un-Conference](#); we invite members, who will be able to attend, and would like to facilitate a 'Birds of a Feather' session or sit on an 'Expert Panel', to e-mail [cec@ifpug.org](mailto:cec@ifpug.org).

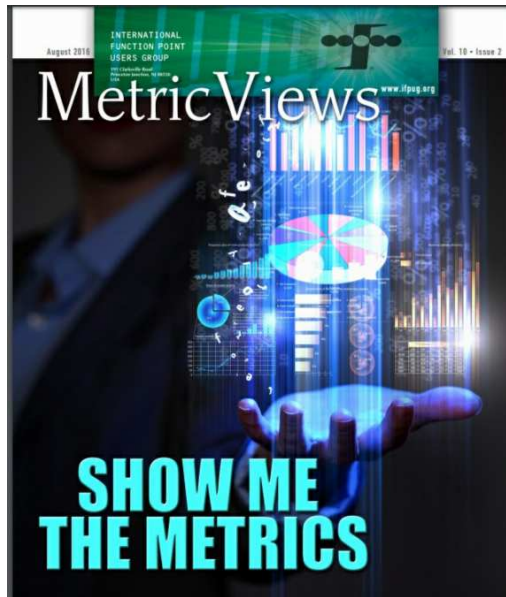

Come and meet your peers and experts in functional and non-functional measurement. This is a unique networking opportunity and a chance to get your "burning" question answered.

The IFPUG Board is looking forward to meeting you to discuss how IFPUG can help you with your measurement challenges.

News & more info (updated during next weeks) at:  
[www.ifpug.org/conferences/unconference2016](http://www.ifpug.org/conferences/unconference2016)

See you in Baltimore!

## ***The August Edition of MetricViews Is Now Available Online!***

The August, 2016 Edition of *MetricViews* is now available on-line! There are eight excellent technical articles, and a detailed write-up of the ISMA12 Conference in Rome in May. Be among the first to download your copy [here!](#)

Want to comment on an article in this edition? Visit the discussion group, [MetricViews 2016 August Discussions](#), and submit a Reply to one or more of the discussions.

## ***Ballots for Board Elections Will Be Mailed This Week!***

Ballots for board elections will be mailed to IFPUG members in good standing this week. Please look for them. Ballots must be received at IFPUG Headquarters by September 9 in order to be counted.

Here are the [candidates](#).
